

MUK'ETI WOVEN STONE TABLE

The Muk'et woven side table forms part of the Homecoming Collection launched in 2020/1, its name like all names of the pieces from this collection is inspired by words that define home & the feelings around home in a multitude of indigenous languages from the continent. Muk'eti is an Amharic word meaning 'warmth'.

Bringing an element of handcraft to any space with a simple, contemporary design that emphasizes material and texture, the Muk'eti is made from powder-coated steel with a woven detail in a braided polyprop cord.
