

OUTDOOR LIVING

A curated selection of ottomans, stools, chairs, loungers, benches, couches, and seating designed for life lived outdoors. Every piece is informed by African stories and craftsmanship, brought into dialogue with contemporary form.

This collection is an exploration of 304 stainless steel, stainless steel mesh, and fully outdoor high-performance fabrics. Each material was chosen for its strength, durability, and beauty, ensuring the pieces withstand the elements while offering comfort and style.

From a quiet pause in a lounger to shared moments around a bench or couch, the collection is made to foster connection. More than functional furniture, these designs are crafted invitations to gather, reflect, and live season after season in the open air.

OUTDOOR PUMZIKA COUCH

Pumzika meaning 'to rest or retire' in Swahili is a name given to the seriously deep seat with a puffy backrest cushion along with scatters and a bolster that has a book pocket. This sprawling outdoor piece forms part of the 2022 Outdoor Capsule Collection.

Pieces from this collection are all inspired by previous collections, this piece is inspired by the 2020/1 Homecoming Collection Pumzika couch however whilst it is similar in form the materials for this piece are made for outdoor living with 304 stainless steel framework & woven mesh, high-performance outdoor fabrics that are extremely weather-resistant and highly durable.

Pumzika

verb

Pum-zi-ka

The outdoor collection is inspired by pieces within our past collections as well as summer memories spent in family gardens or stoeps sitting on steel & wire mesh chairs watching the sunset

the use of the woven mesh is reminiscent of the very first outdoor furniture that most homes had in the 80s & early 90s; this is a love letter to those sweet summer memories in Mme's (Gran's) garden, catching up on the days events and listening to the sounds of the day winded down

as with all our pieces we endeavor to share & re-tell stories through furniture design & hope that this collection adds to your vast memories of never-ending summer days

OUTDOOR PUMZIKA OTTOMAN

The Pumzika Ottoman extends the spirit of rest and retreat that defines the Pumzika Couch. Its name, taken from the Swahili word “to rest or retire”, reflects its purpose as a companion piece for deep lounging. Introduced in the 2022 Outdoor Capsule Collection, the ottoman builds on the design language of the 2020/21 Homecoming Collection Pumzika Couch, offering the same sense of ease and comfort in a form tailored for outdoor living.

Crafted with a 304 stainless steel framework and woven stainless steel mesh, paired with high-performance outdoor fabrics, the Pumzika Ottoman is both weather-resistant and highly durable. Functional yet refined, it completes the Pumzika seating landscape as an adaptable surface for rest, relaxation, or connection — a piece designed for life under open skies.

NZINGA COUCH BUDDY

The Nzinga Couch Buddy continues the story of the Nzinga Ottoman. Its geometry echoes the ottoman's confident curves and purposeful simplicity, while the name honors Queen Nzinga, a symbol of stoicism, strength, and grace. Designed for easy reach beside a sofa or lounge chair, this piece brings quiet joy and practical companionship to outdoor spaces.

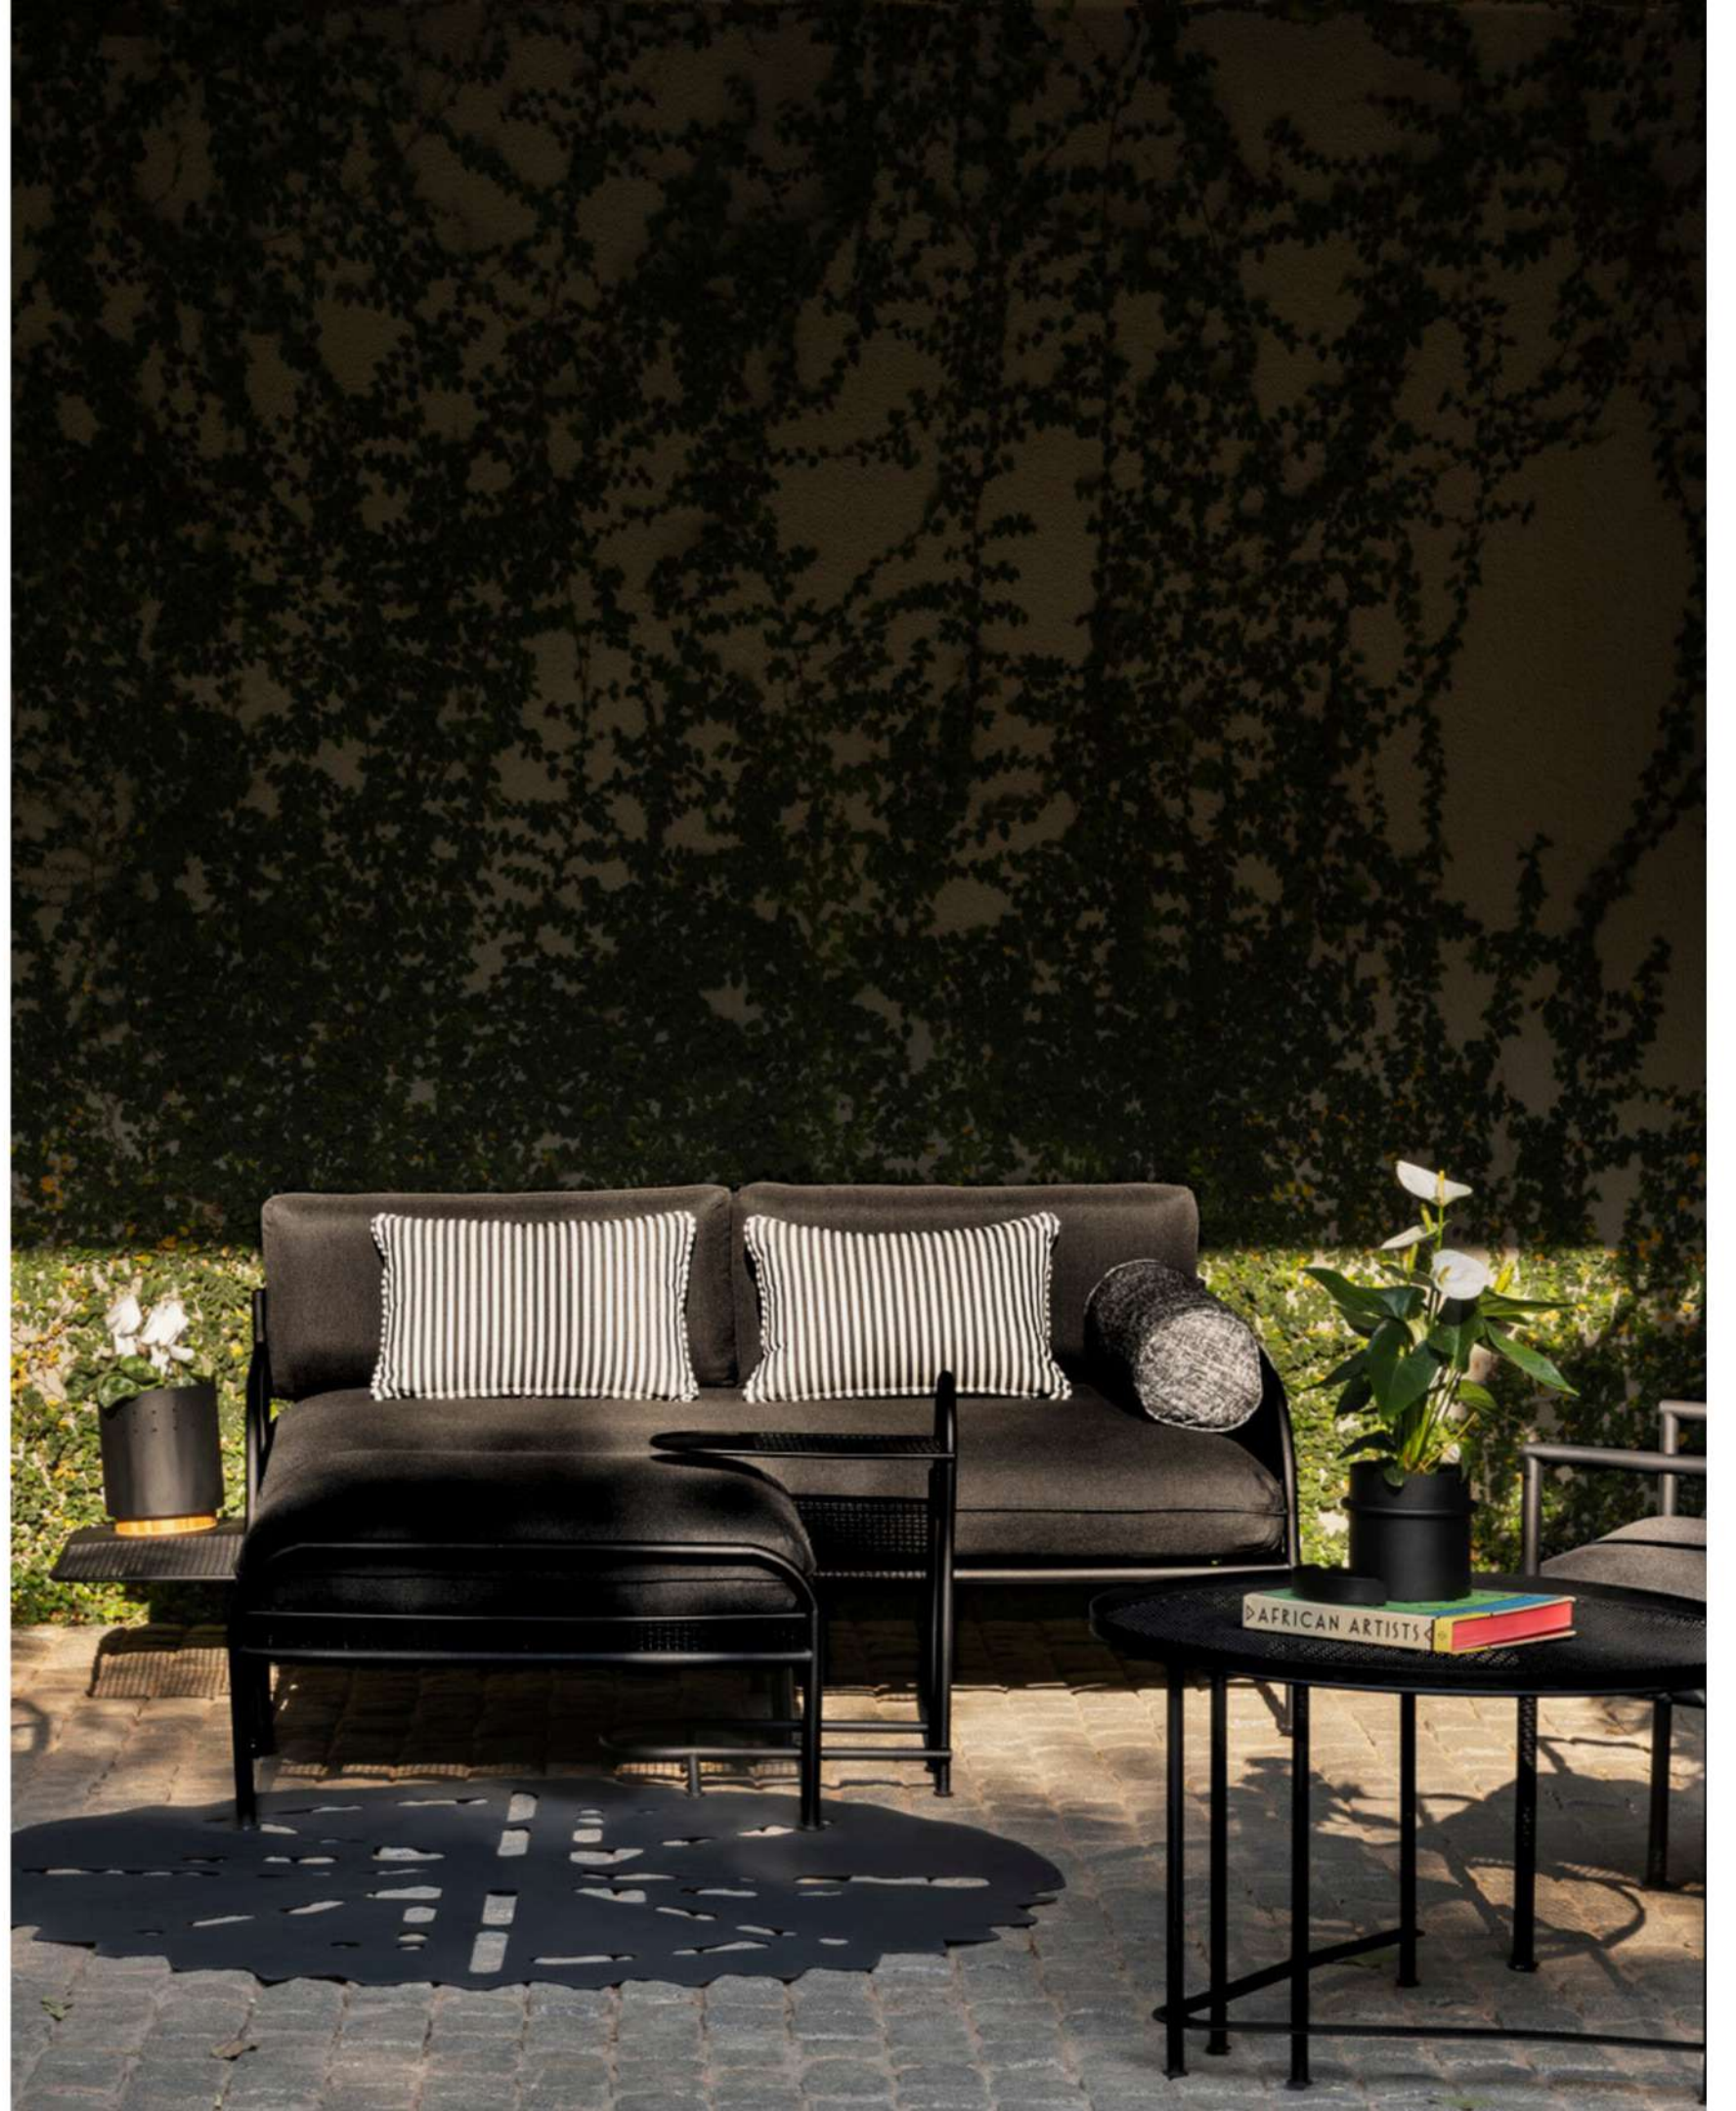

Forming part of the 2022 Outdoor Collection, the Nzinga Couch Buddy is built for real outdoor living. The frame is 304 stainless steel for high corrosion resistance. The mesh detail top keeps the surface light, quick-drying, and visually airy. An arched handle makes lifting and repositioning effortless. The result is a compact, resilient companion that carries the Nzinga design language into a versatile side piece.

Materials and finish: 304 stainless steel frame and mesh top, exterior-grade powder coat.

OUTDOOR BAMBANANI DINING TABLE [STONE]

The Bambanani Outdoor Table is a sculptural piece that draws deeply from TheUrbanative's design lineage. Its geometry is inspired by the 2017 Ndebele Collection's Bambanani Nesting Table, where bold forms were first translated into furniture silhouettes. True to its name, Bambanani—meaning “stand together” in Nguni languages including Ndebele—this piece embodies unity and strength, merging cultural inspiration with contemporary design.

Reimagined as part of the 2022 Outdoor Capsule Collection, the Bambanani Outdoor Table takes its cues from traditional geometry but is built for modern outdoor living. Its structure is crafted from 304 stainless steel, ensuring durability and weather resistance, while the Bianco Giacomo granite top adds a refined tactile contrast—robust, timeless, and elegant. The granite is finished with a smooth full bullnose profile, softening the geometry and elevating the sense of craftsmanship. This juxtaposition of precision-cut steel with natural stone captures the brand's ethos: blending African-inspired forms with innovative materials and design that endure both time and the elements.
